QUESTIONS - ANSWERS

- 1) To whom is the discount for a 2nd, 3rd, etc child given to?

Discounts are only applicable for 2nd, 3rd child born in **2009, 2010 or 2011** and the player must be a Vaudreuil-Dorion resident. Discounts are applied following the rules below:

2nd child: 20% discount

3rd child: 40% discount

- 2) Can I make post-dated cheques and have the pre-registration discount prior to July 31st?

All documents and cheques must be received at 3093 boul. De la Gare, Local B230, Vaudreuil-Dorion on July 31st 11:30 AM at the latest (Friday's closing time) to get the pre-registration discount. The city stamps the documents and that date stamp will be our proof of the reception date.

In the case that cheques would be returned for insufficient funds, or any other reason, the player may get suspended from his team's activities until his registration is paid in full and 25\$ administration fees will be added to your amount due.

- 3) How do you let me know when training camp starts?

We invite you to visit our Association's website regularly to get all the information related to training camps, the Association will not communicate directly with you, but will post all necessary information on its website : www.ahmvd.ca

We also strongly suggest that you like the Association's Facebook page. As soon as information gets posted on our website, we also post that information instantly on Facebook.

- 4) When will I get my tax receipt and how does it get delivered?

Your income tax receipt will be emailed to you by February 28th 2016 at the latest.

- 5) Is it possible to make arrangements that my child be on the same team as his friend, or for any other reason?

The Association will not accept requests concerning a player's rank or team.

Team composition is legislated by Hockey Québec. According to rule **4.1.2**, when more than 1 team is needed for a given division and class within one association, it is mandatory for teams to be balanced and compete against one another during the whole season in order to encourage fair competition between teams within the same class and division.

With more than 30 teams to build, managing special requests makes team balancing too complex.

Therefore, no requests in that sense will be accepted by the Management
